***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:

Stage assemblies are well known, wherein the assembly includes a stage and a guide means. The prior art fails to disclose a stage assembly comprising a guide assembly which includes a guide bar movable in a first direction, having a center of gravity and a guiding portion; a stage movable along the guiding portion in a second direction perpendicular to the first direction and exerting a reaction force on the guide bar in the second direction, the stage having a center of gravity positioned in a plane parallel to the first and second directions, the plane parallel to the first and second directions having the center of gravity of the guide bar positioned therein; and an actuator component positioned on the guide bar in the plane parallel to the first and second directions and aligned with the center of gravity of the stage in the second direction to apply a compensating force on the guide bar to cancel the reaction force exerted by the stage. For these reasons this application is allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marlon T Fletcher whose telephone number is 703-308-0848. The examiner can normally be reached on M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert Nappi can be reached on 703-308-3370. The fax phone numbers for the organization where this application or proceeding is assigned are 703-308-7722 for regular communications and 703-308-7722 for After Final communications.
